

MNR COLLEGE OF ENGINEERING & TECHNOLOGY

PERSONALITY DEVELOPMENT ACTIVITY

ACTIVITY : Seminar on “Nurturing Future Leading in Engineering”

DATE: 24.09.2025

TIME : 1:00 Pm

Mode : Online

RESOURCE PERSON : Dr.J.M.Kanthi Thilak Assistant Professor Dept. of English
Aditya University, Surampalem.

MNR COLLEGE OF ENGINEERING AND TECHNOLOGY
FASALWADI, SANGAREDDY

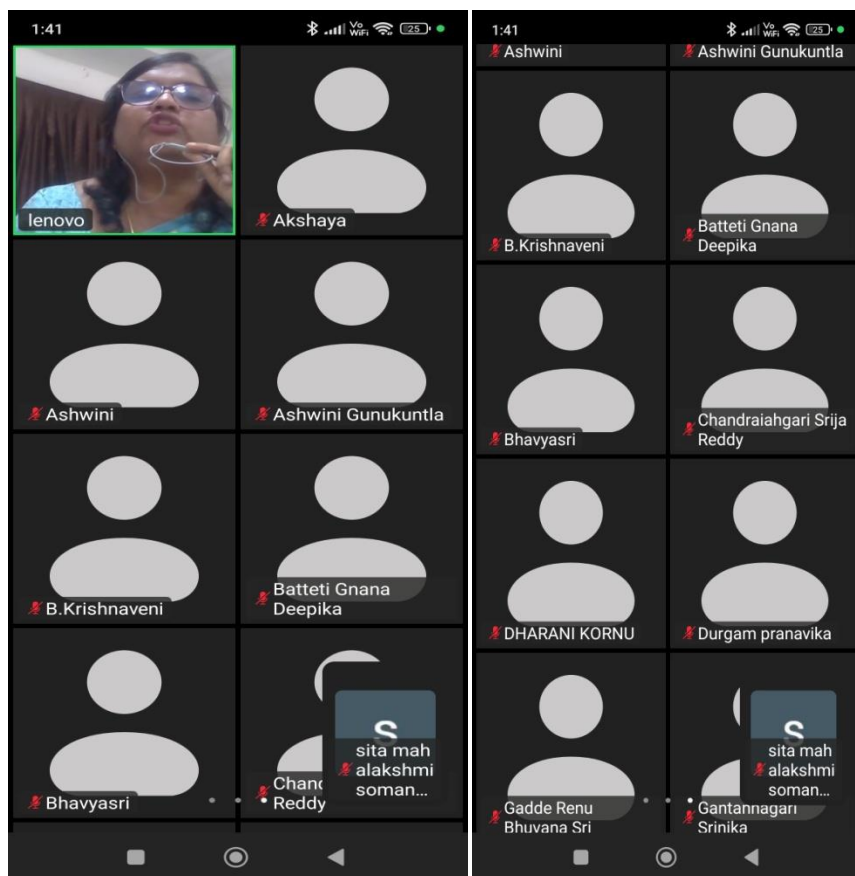

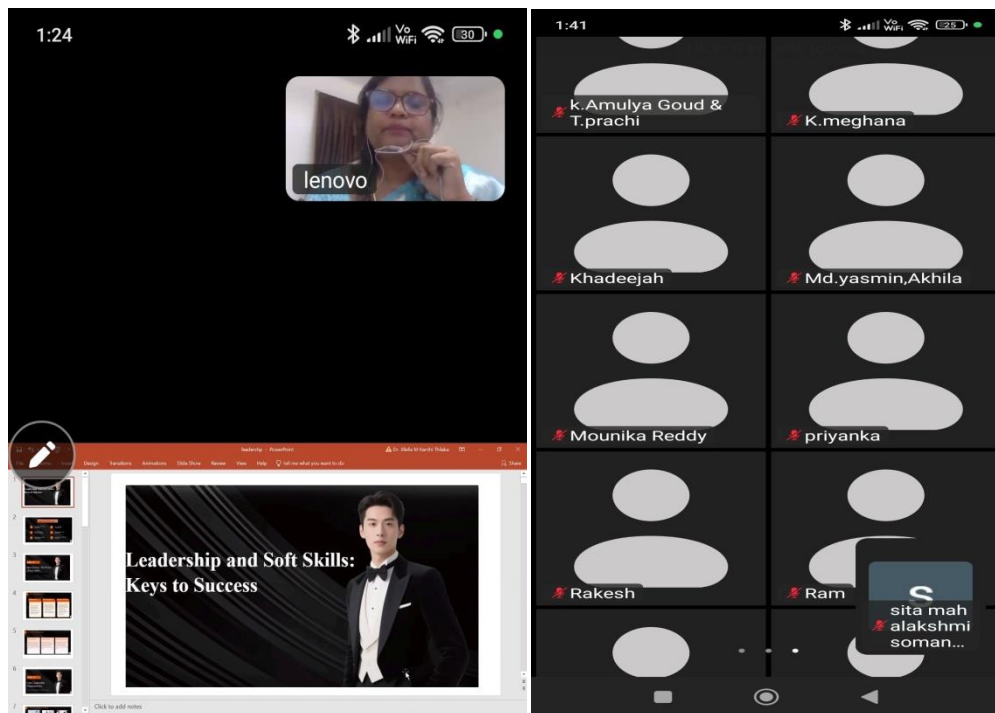

Topic
"Nurturing Future Leaders in Engineering."

Dr. Dr JM Kanthi Thilaka
Asso Professor
Dept of English
Aditya University
Surampalem

Date : 24-09-2025
Time : 1.00pm - 2.00pm

Organised by:
S. SITAMAHALAXMI (PH.D)
ASST. PROF

Dr. E.L. Nagesh
M.Tech, Ph.D, MISTE, FIE,
Principal, MNR CET

Why Soft Skills Matter

Defining Soft Skills	The Growing Demand	Soft Skills vs. Hard Skills
Soft skills are interpersonal attributes that enhance interactions and teamwork; they encompass communication, empathy, and adaptability which are vital for professional success.	Employers increasingly seek candidates with strong soft skills, recognizing their impact on productivity, collaboration, and overall workplace harmony, showing a shift from strictly technical qualifications.	Hard skills provide technical proficiency, while soft skills enable effective application of those skills in team environments. Therefore, combining hard skills with soft skills is crucial for well-rounded success.
